6. **Objective of Event:**

- a. **To create awareness** about the role and impact of Artificial Intelligence in real-world applications.....
- b. **To provide a platform** for students to share ideas and knowledge through short, impactful lightning talks.....
- c. **To encourage learning and innovation** in Microsoft AI tools, Azure, and emerging AI technologies.....

7. **Event contributing to SDGs (Global/ National/ Regional/ Local requirement). Yes/ No**

Yes.

This event contributes to the Sustainable Development Goals (SDGs) at the global, national, and local levels by promoting quality education, innovation, and technological awareness among students. Through discussions on Artificial Intelligence, cloud computing, and smart mobility solutions, the event supports SDG 4 (Quality Education) by enhancing digital skills and industry readiness, and SDG 9 (Industry, Innovation, and Infrastructure) by encouraging innovation and the adoption of advanced technologies. Additionally, the event aligns with national and regional priorities by fostering a skilled workforce capable of contributing to India’s digital transformation and sustainable technological growth.

8. **Event usefulness leading to - Employability/ Entrepreneurship/ Skill Development/ IPR/ Innovation/ Professional Ethics/ Gender/ Environment etc. Yes/ No**

The event is highly useful in terms of employability, skill development, innovation, and professional ethics. By focusing on practical applications of Artificial Intelligence, Microsoft Azure, and emerging digital tools, the event enhances participants’ technical knowledge and industry-relevant skills, thereby improving their employability. It also encourages innovative thinking and problem-solving through idea sharing in lightning talks. Exposure to real-world AI use cases promotes ethical and responsible use of technology, aligning with professional ethics. Overall, the event helps students build confidence, technical competence, and awareness of current industry standards, preparing them for future careers in technology-driven fields.

13. Description of Event (max. 250 words)

The AI Impact Summit 2026 was organized to create awareness and encourage discussions on the rapidly evolving role of Artificial Intelligence and emerging technologies. The event provided a dynamic platform for students to explore, present, and exchange ideas through a structured lightning talk format, promoting active participation and collaborative learning.

The programme focused on key areas such as Artificial Intelligence, Microsoft Azure, smart mobility, and real-world technology applications. Participants shared innovative perspectives on how AI is transforming industries, education, and everyday life. The event emphasized practical knowledge, ethical use of technology, and the importance of staying industry-ready in a fast-changing digital landscape.

Through expert guidance, peer learning, and interactive sessions, students were encouraged to think critically, enhance their technical skills, and develop confidence in public speaking and idea presentation. The summit also highlighted the significance of innovation, professional ethics, and responsible technology adoption aligned with global sustainability goals.

Overall, the AI Impact Summit 2026 served as an engaging and informative experience that strengthened technical awareness, inspired innovation, and motivated students to pursue learning and career opportunities in AI and related domains._
